

ENVIRONMENTAL POLICY

Cleandy specialises in cleaning, hygiene, and waste management services within commercial, residential, educational and government sectors. Cleandy is committed to sustainable and responsible business practices.

To minimise our impact on the environment, Cleandy have developed and implemented an Environmental Management System that complies with the ISO 14001:2015 Environmental Management Standard.

We are committed to pursuing industry specific best practice in environmental performance as we acknowledge that our workers, clients, and the community at large expect responsible environmental practice by our business.

Specifically, Cleandy is committed to:

- ✓ Conducting our operations to minimise environmental risk and, wherever practicable, eliminate adverse environmental impacts.
- ✓ The protection of the environment and the setting of rigorous environmental objectives, particularly with regards to the:
 - use of environment friendly chemicals and products
 - efficient use of energy (including appropriate use of alternative fuels, conservation of water, minimisation and recycling of wastes, prevention of pollution)
 - effective use of virgin resources and supplemental materials
- ✓ Fulfilling our compliance obligations regarding relevant environmental legislation, regulations, standards, and codes of practice as the absolute minimum requirement.
- ✓ Conducting business with organisations who have a commitment to the values and objectives contained in this environmental policy.
- ✓ Continual improvement of the environmental management system to enhance environmental performance.

Through communication and training, our workers will be encouraged and assisted to enhance Cleandy's environmental awareness and performance.

All Cleandy personnel are required to work towards the fulfilment of the Environmental Management System, and management will regularly review this policy, and the other elements of the system, to maintain its suitability and effectiveness.
